A few days ago Joseph R. Cooks notified a good-sized garter snake in a cranny in the wall of the old paper mill building near the river, and closer investigation showed that it was gorging on a young swallow. The snake was killed, and it was discovered that it had invaded the nest of the birds, one of which had been swallowed, another was on the way and a third had been killed in the nest.

The Register has added a number of new names to its subscription list this week. Don't you want to join the number? It costs only a dollar a year.

Morgan's Grove fair will be held September 7, 8, 9 and 10, 1915. It isn't too early to be preparing the exhibits for our annual show, which is so enjoyable to the people. Boom it up!

The National Highway Garage has sold one of the new 1916 Overland touring cars to Dr. Clifford Sperow, of Martinsburg. This car is very popular and seems to be meeting a general demand on the part of the people.

Peaches are on the market—it is said that the crop will be a large one this year and that the fruit promises to be exceptionally good. Jo L. Walper expects a crop of four or five hundred bushels, and Chas. J. Miller, whose trees are pictures of beauty, will also have a considerable yield.

Mr. William Vickers, who lives north of town, was a caller at the Register office on Monday. Mr. Vickers is almost 84 years of age, but he enjoys remarkably good health and is hale and hearty, though slightly handicapped in his activities because of a stiff leg, the result of an accident some years ago.

William Swope made a master haul of carp in the river between the bridges at this place yesterday morning. He caught three big fish that aggregated in weight 81 pounds—weighing 28, 27 and 26 pounds respectively. He caught them all with hook and line, using canned corn as bait. One of the fish contained 13 pounds of roe.

Jacob S. Osborn, one of the prominent apple growers of this section, has bought from Mrs. Virginia Harrison the stone dwelling-house on Main street at present occupied by P. N. Brillhart, and will move to town next spring. He will make extensive improvements to the dwelling before occupying it. The price paid was \$2,400.

Mrs. Thos. C. Miller, who has been a member of the faculty of Shepherd College for several years, has resigned as a teacher and will not fill a position in the school the coming year. Her health has not been so good and she has decided to take a rest. Mrs. Miller has gone to her old home in Rogersville, Tennessee, for the summer.

Work is being pushed along on C. N. Whiting's new mill on Washington street. All of the concrete work has been completed—a tedious and vexatious job—and now the carpenters are busy framing the structure. The joists have been laid on the first floor, and a big lot of lumber is on hand, so that the work may be pushed to completion as speedily as possible.

It is feared that Thos. C. Myers, of this vicinity, will lose the sight of one of his eyes as the result of an accident several weeks ago. He was driving a mail when a bit of iron flew from the head of the nail and struck him in the eye, causing a severe injury. He has since been under the treatment of a specialist, but there is danger that he will not regain the sight of the eye.

Work was commenced yesterday on the site of the Rumsey monument, with Wm J. Britner in charge of the force that will do the preliminary work. The top of the bluff will be leveled and made ready for the concrete work, which will form a plaza forty feet square, and this plaza will be enclosed with a wall of masonry. Mr. Forbes will be here today to give his personal attention to the preliminary work.

Dr. Frank McDaniel, of Pennington Institute, New Jersey, formerly of Shepherdstown, has declined the honor of the presidency of West Virginia Wesleyan College at Buckhannon, recently offered him by the trustees, and has sent word that he cannot accept. The trustees of Pennington School refused to accept Dr. McDaniel's resignation, and pressed him so hard to remain with the school at this particular period in its history that he could not conscientiously leave. Although the call to Wesleyan was much to his taste, he has reluctantly given it up.

We hear continued objection to the early hour at which the street lights are being extinguished—anywhere from 10 to 11 o'clock at night. It is certainly a reflection on the town to have it plunged in darkness before bedtime—to have the lights on the streets go out before the stores are closed. The taxpayers are willing to pay for the lighting of the streets and they are dissatisfied at the backwoods methods now in vogue. A gentleman going for a physician the other night before 11 o'clock had to walk in utter darkness and painfully hurt himself by running into a projecting step.

Rev. J. W. Ware received a cable message on Friday last from his son, Prof. John N. Ware, stating that he was now on his way to the United States. Prof. Ware sailed from New York on June 15th for Amsterdam, it being his intention to proceed to Germany to marry his fiancée, whose home is in Saxony. No particulars were given in the cable recently received, but it is thought that he and his fiancée were obliged to sail before the marriage ceremony could be performed, owing to the disturbed state of affairs in Germany. It is hoped hourly that a wireless message will be received from Prof. Ware.

J. Rush Snyder, formerly of the vicinity of Shenandoah Junction, has sent us a pamphlet descriptive of an invention that he has originated, and which is now being placed on the market. It is known as the Snyder "No Kicker" as applied to automatic triple valves, and is manufactured by the Pittsburgh Air Brake Company. It is regarded by practical railroad men as a very valuable attachment to the air-brake system used on railroad trains, and we hope that Mr. Snyder may realize success in the fullest degree in its adoption by the railroads. Mr. Snyder, by the way, is the inventor of the complete air-brake system owned by the Pittsburgh Air Brake Company, of which he is vice-president, aggregating more than fifty patents. His talent as an inventor is a natural gift coming from his father, the late Jacob Snyder, who had splendid ideas, but who for lack of technical education was unable to make them of practical use.

In Realms of Rest.

James T. Littleton, a well-known and highly respected resident of Jefferson county, died last Sunday evening at his home near Charles Town, aged 70 years. He was a Confederate veteran, having served with great bravery as a member of Colonel Mosby's command during the Civil War. For a number of years Mr. Littleton assisted his sisters in the management of the county almshouse, and his gentleness and kindness and his unselfish service to the unfortunate ones who came under his care showed the genuine Christian spirit of the man. His interest was in their souls as well as their bodies, and his reward will be great in the kingdom of Heaven. He has been in failing health for several years, but he continued to fill his duties until a short time ago. Surviving him are two sons, Francis and Arthur Littleton, and two daughters, Mrs. Lela Beall and Mrs. Clara Hale; also four sisters, Mrs. Mason Heidwohl and Misses Jeannie, Fannie and Kate Littleton.

Miss Kate Littleton, sister of Mr. Littleton, died yesterday before the funeral cortege of her brother had left the house. She had been very ill for some weeks and her death was not unexpected. Miss Littleton, who was 55 years of age, had been superintendent of the almshouse for a number of years, and had managed the institution in the most satisfactory manner. Her business talent was of the highest order, and she had a humane and kindly interest in the work that made her services invaluable. The county sustains a genuine loss in her death, and the inmates lose a devoted friend who was always solicitous for their comfort and welfare. Many friends will deeply regret her passing.

Shively A. Lemaster, for a number of years a well-known farmer of Falling Waters district in Berkeley county, died suddenly last Friday evening while driving along the road in a buggy. Mr. Lemaster, who formerly lived near Shepherdstown, and who will be remembered by many of our people, had been in failing health for some time. Last Friday he drove to the home of his brother-in-law, C. D. Bender, accompanied by his ten-year-old granddaughter. On the way home he gasped and died so quickly that the child did not know he was dead until she safely reached the house. Heart failure was the cause of his death. The deceased, who was 59 years of age, is survived by his wife, a son, a daughter, two sisters and two brothers. He was buried in Martinsburg on Sunday.

Leo P. Britner, a well-known carpenter and barn-builder of the Falling Waters neighborhood, in Berkeley county, died last Thursday, after a long illness from tuberculosis and other complications. He was in the 42nd year of his age. His wife survives him.

Capt. Edward W. Burns, aged 65 years, a well-known resident of Hagerstown, died suddenly last Thursday. He was for many years in the service of the Cumberland Valley Railroad Company, but retired from active duty several years ago.

Mrs. Elizabeth Lovett, widow of John Parker Lovett, died at her home in Martinsburg on Monday, following a stroke of paralysis, aged 63 years.

Notes of the Churches.

The open-air service last Sunday evening was attended by the usual large congregation, and the sermon was preached by Rev. William Rogers, of the M. E. Church. It was an earnest, thoughtful address, particularly appropriate to independence day. Mr. Rogers spoke of the privileges and blessings of living under a government such as ours, and traced the good influences back to the character of the men who came here in the beginning and established a republic that has become in reality the land of the free and the home of the brave. The sermon was instructive and inspiring, and the people were edified by it. The music included an anthem and a well-rendered solo by Mrs. J. P. Rush. The service will be held as usual next Sunday evening, and the sermon will be by Rev. Guy P. Bready, of the Retormed Church—his last sermon prior to leaving Shepherdstown.

Rev. Guy P. Bready, pastor of the Reformed Church of this place, who recently resigned to accept a call from Taneytown, Md., will conduct his last service here and at Kearneysville on Sunday, as he expects to leave for his new home on July 13th. Rev. Mr. Bready is an able preacher and energetic pastor, and there is considerable regret here that he is leaving our town. We hope that he and his wife may find their new home congenial and pleasant and that he may prosper in his work at Taneytown.

There will be service by the Pentecostal church Sunday night in the firemen's hall at 8 o'clock. Service every night during the week except Monday and Saturday.

There will be services in the Presbyterian church Sunday, if Providence permits, in Shepherdstown at 11.00 a. m., and Kearneysville at 8.00 p. m.

Lutheran—Service Sunday in Shepherdstown at 11 a. m.

Equal Suffrage Meeting.

An interesting meeting of the Equal Suffrage Association was held in Shepherdstown last Friday evening, when various phases of the work were discussed. It was agreed to hold monthly meetings, and in the near future it is hoped that a speaker of national reputation will be here for an address. It is likely that a lawn fete will be held the latter part of this month, of which notice will be given later. Another meeting will be held Saturday evening of this week in the old college hall on Main street, to which are invited all who are interested in the cause, both men and women.

Dangerous Automobile Accident.

A thrilling automobile accident occurred on the steep and dangerous river hill opposite Shepherdstown shortly before midnight last Monday night. Norval Carter, of Berryville, driving his Chevrolet touring car, in company with Chas. E. Whitescarver, of the same place, and two young ladies from that section, had been to Hagerstown to attend the 4th of July celebration. Returning late at night, they had a lively race between Sharpsburg and Shepherdstown with another car, passing the other car about a half mile from this place. As they came swiftly along they began the descent of the long and steep river hill without knowing just where they were, and when about half way down, traveling at thirty-five or forty miles an hour, the car struck a bumper at a turn in the road, jumped to one side, skidded through the grass and bushes, and smashed through a fence above W. H. Knode's brick house. It broke down three panels of fence before it was stopped by a small tree and the stump of a large tree, turning partly over at the edge of a steep declivity. All of the occupants were thrown out of the car, and it was exceedingly fortunate that none of them was killed. Whitescarver was hurt pretty badly, but the three others escaped with slight cuts and contusions. The car following stopped and gave assistance, bringing Whitescarver here to the office of Dr. John L. Meyers, who rendered first aid. The injured man had a broken collarbone and several fractured ribs, and was suffering a good deal from the shock of the accident. The National Highway Garage was called on, and took charge of the party, leaving Whitescarver in the hospital at Charles Town and taking the young women to their home near Summit Point.

The car, which was badly wrecked, was hauled to the garage Tuesday morning. The chassis was considerably damaged, a wheel was demolished, fenders and running-boards were twisted and broken, lamps were smashed, an axle was bent and the top greatly damaged. The accident was a very bad one and should serve as a warning against reckless driving.

Teachers Appointed.

At a meeting of the board of education of Shepherdstown district Tuesday the teachers for the graded school for the ensuing year were appointed. Floyd B. Mathias, of Hardy county, who has been principal of the public schools of Moorefield the past year, was appointed principal. Mr. Mathias was formerly a student at Shepherd College, and is a bright and progressive young teacher who will, we have no doubt, give satisfaction in his new position. He comes highly recommended. The other teachers appointed are Miss Sarah Folk, seventh grade; Miss Ella Kelsey, sixth grade; Miss Julia Hill, fifth grade; Miss Louise Rightstine, fourth grade; Miss Alice Banks, third grade; Miss Bessie Licklider, second grade; Miss Ruth Taylor, primary grade. The salaries of the teachers who hold No. 1 certificates, under the new law, were fixed at \$50 per month.

The board appointed S. O. Bond, of Glenview, W. Va., as district supervisor, who will fill this position and at the same time give a part of his service as a teacher in Shepherd College. The board has been desirous for some years of having a district supervisor, and we think that it has acted with much wisdom in consummating the present arrangement with the co-operation of the college. It will undoubtedly result in a decided betterment of school conditions, and the help of a school expert means progressiveness in our educational affairs. The board appointed no-school trustees at its recent meeting. These officers will be dispensed with, and the appointment of teachers in the sub-districts will, after this year, be vested in the board of education, who will act in conjunction with the district supervisor.

A Safe and Sane Fourth.

Shepherdstown's celebration of independence day was a very pleasing and enjoyable one, the chief feature being the display of fireworks at night. J. P. Rush and H. P. Schley had collected a fund for the purchase of fireworks and a treat for the children, and had money sufficient to carry out the programme very creditably. The fireworks were set off on King street, to the edification of a tremendous crowd of persons from town and the country around. William Goodrich being in charge of the explosions. The people enjoyed the sight from the terraces at the Lutheran Church and the college campus, while many automobiles filled the street. It was, we think, the finest display of fireworks that we have ever seen here, a great variety being set off without the slightest accident. While the fun was going on all the children in the crowd were treated to icecream cones, which added considerably to the pleasure of the youngsters.

LOST—REWARD.

Lost on Thursday, June 17th, on the way from Millville to Shepherdstown, a black seal memorandum book, marked in gilt letters, "G. W. Owens," and having the trade-mark of the "Good Roads Machinery Company." It contained papers of no value to any other person. There were a number of Kodak pictures in the pockets. The finder will be rewarded by returning the same to the office of the Shepherdstown Register.

Baseball.

There was an interesting game of baseball here last Thursday between the Shepherdstown and Martinsburg teams, which the visitors won by a score of 10 to 8. Errors were numerous and had much to do with the score. Shepherd and Myers pitched for Shepherdstown, Shipley caught. Riddings and Hyde and Creque composed the battery for Martinsburg. There were several justifiable attempts to murder the visiting umpire, Henry Harmon, but he was so fat and good-natured that wrath turned to admiration and he was allowed to live. Bob Crowl's batting was the most pleasant feature of the game from a local viewpoint.

An interesting game of base ball is announced for this Thursday afternoon—Shepherdstown against Berryville on our home grounds.

Children Cry FOR FLETCHER'S CASTORIA

A Surprise Wedding.

A wedding that had been kept a profound secret until a few moments before its announcement occurred in Shepherdstown Tuesday morning at 10 o'clock, when Miss Alice Marten, youngest daughter of Mr. and Mrs. Henry C. Marten, was married to Mr. Joseph Wilbur Davis, of Macdonald, Fayette county, W. Va. The past year Miss Marten taught in the public school at Mount Hope, in Fayette county, not far from Macdonald. The young couple met and Cupid did the rest. Miss Marten returned to her home here a month or two ago, and the preparations for the wedding were quietly made, with only the family in the secret. Mr. Davis came on last week, final arrangements were completed, and Tuesday the happy young couple were made man and wife at the home of the bride's parents, the ceremony being performed by Rev. I. D. Worman, of the Lutheran Church. Immediately after the wedding Mr. and Mrs. Davis drove to Shenandoah Junction, where they took a B. & O. train for a wedding trip. They will be at home at Macdonald after August 1st. The bride is one of Shepherdstown's prettiest and most popular girls, a graduate of Shepherd College, and has many friends who will join with us in wishing her and her husband a long and happy married life. Mr. Davis is a young gentleman of pleasing manner and much business ability, and is manager of a large company store at Macdonald.

Mr. Carroll Billmyer, formerly of Shepherdstown, and Miss Anna B. Fenstermacher, daughter of Mr. and Mrs. C. H. Fenstermacher, of Roanoke, Va., were quietly married at the home of the bride's parents in that city on Tuesday night, July 20th. The ceremony was performed by Rev. Dr. Campbell, of the Second Presbyterian Church, in the presence of the immediate families and a few intimate friends. After a brief wedding trip Mr. and Mrs. Billmyer will be at home to their friends at 513 14th Avenue, S. W., Roanoke. Mrs. J. D. Billmyer and Miss Evelyn Billmyer, of this place, attended the wedding.

Miss Mattie Schaeffer Renner, daughter of Mr. and Mrs. J. Schaeffer Renner, formerly of Jefferson county, was married last Wednesday to Mr. Seward Vernon Price, the ceremony taking place at the home of the bride's parents in Richmond, Va.

Mr. W. H. League, of Martinsburg, and Miss Celia Cockrell, formerly of Charles Town, were married in Berkeley Springs last Wednesday. The bride has been a teacher in Remington, Va., for several years.

Mr. Earl E. Webb, of Upperville, Va., and Miss Eva M. Manuel, of Millville, this county, were married last Thursday at the Baptist parsonage in Hagerstown by Rev. E. K. Thomas.

Mr. Edgar Baker and Miss Mary Ruth Butler, both of Berkeley county, were married yesterday at the Methodist parsonage in Martinsburg by Rev. B. W. Meeks.

Mr. Clarence L. Whitacre, of Winchester, and Miss Ethel L. Pearrell, of Martinsburg, were married in Frederick last Thursday by Rev. U. S. G. Rupp.

Mr. Nimrod Wilt, of Hagerstown, and Miss Louise C. Ingram, of Harper's Ferry, were married in Hagerstown last week by Rev. W. L. Lynn.

Mr. Robert Palmer and Miss Nellie Riner, both of Berkeley county, were married last Thursday in Hagerstown by Rev. S. W. Owen.
